It has all become terribly blatant, but I'll bet that millions of people will still buy the official story.

Indeed Belyi. Even those that have been vaccine damaged think it was an accident. I know two women who's husbands both suffered heart attacks after the vax, and both were told that it was caused by Covid.

It seems to be too big a step for them to think that their government would harm or kill them, and replace them with immigrants.

Yes Ian, this is why talking to such folk is a complete waste of time. The realisation has to come from within. It can be triggered by an external source, but such self realisation can only be generated from within it seems

The relentless mind numbing propaganda is life long and ubiquitous. It is a very difficult hurdle to overcome and it takes time. I've watched my 2 daughters go through this process over a few years. It's been delightful that they finally understand where I've been coming from for all these years. Ditto my wife. It took me a few years too

Most people have innate goodness which is entirely natural. During your sabbatical then, some of us here have been using the moniker "reptiles" for the small minority that aren't like that :-))

It seems very appropriate because their cold, unfeeling, psychopathy isn't human somehow. Tap says this is because they aren't human at all, that they are a different species. He's pointed me at Sabak, see side bar. His book "The Murder of Reality" is on it's way to me as I write

This guy left France for Gambia during the covid psyop. He posted this yesterday:

"Facing an obscene reality is never easy, but the nightmare horror is now upon us. I find it bizarre to be writing about global genocide, the disappearance of all but a few heroes, perverted medical cod-science, 24/7 lies by the State, the cruel victimisation with bio-weaponry as its modus operandum, psychopathy running through the Unelected State like red writing in a stick of rock, billionaires who are quite obviously and very seriously unhinged, the cynicism of opposing ideologies cooperating in order to share the world out between themselves with 98% of the perceived Untermenschen eliminated by unspeakable means, insane plots that dwarf anything either Hitler or Stalin could contemplate and – perhaps more than any one thing – the staggering ability of 87.5% of the population of humans on Earth to resist acceptance of evidence far more solid than anything put forward to prosecute senior Nazis at Nuremberg in 1946.

The relief of putting former friends behind me in Europe was, believe me, akin to ending all attempts to teach a pig to sing, given that you don't get a song and it just annoys the pig"

I copied that from the middle of here:

newensign's August newsletter has a great little meme that I can't seem to copy

Over a picture of a male Lion it says:  
It's no longer our job to wake the sheep  
It's time to wake the lions

How very true

Thanks for that Pete. It is really soul destroying when they look at you as if you're not wired up correctly.
